

The Club runs courses to help our Members and anyone with an interest in amateur radio progress through their [Radio Communications Exams](#), and we have a very high success rate from our students to date.

Our home at the *Britannia Hotel* is an RSGB Registered Examination Centre, and we're hosting Foundation, Intermediate and Advanced Exams there every year.

Having completed the course, the successful candidates are able to obtain their Foundation Licences, which gives them access to most of the Amateur bands with 10 watts of power: this is sufficient to make worldwide contacts, or join in local radio nets with our Members.

We've also had success with our **Intermediate Licence Training Courses** where almost all candidates passed at their first attempt.
